Deploy Quickly

Build Performant Algorithms Faster

- Engineer 100% Accurately Labeled Training Data, On-Demand
- Expert Support & Ready-Made Framework with Reusable Workflows
- Physics-Based Simulation with Best-In-Class Partners & AI Innovators

The Leader in Rapid Synthetic Data Generation for Computer Vision

Rendered.ai Solutions

Expert services & solutions to enable faster generation & use of performant synthetic data for computer vision with full support.

Pricing based on customer needs.

Rendered.ai Platform

A ready-made framework that reduces the time & cost to generate unlimited customized synthetic data & integrate it into AI pipelines.

Subscriptions start at $5,000/mo.

Sample Imagery: Synthetic EO, SAR, MSI, HSI, FMV, & RGB generated with Rendered.ai.
